Testify Quisling Sent 1,000 Jews to Death

OSLO, Aug. 23.—(AP)—A handful of Norwegian Jews who survived Nazi camps in Poland returned to accuse Vidkun Quisling today as the traitor who sent 1,000 of their relatives and friends to death.

The new accusers were among 43 Norwegian and German witnesses called to the stand at the close of the state's preliminary questioning of the former premier.

Quisling slumped back in his chair as witness after witness told the story of Norway's betrayal and the torture murders of the Norse Jews deported to Poland.

Denies Knowledge
Apparently horrified at their testimony, Quisling stared at the witnesses, occasionally running his hands nervously across his face.

Quisling denied all knowledge of the tortures. He protested he had not even known of the existence of the gas chambers until today and that he had thought the Jews were being resettled in Poland.

Among the witnesses was Dr. Leo Eltinger, one of a group of 18 elderly Norwegian Jews deported to Germany and thence to Poland.

Eltinger said the Jews were jammed into the hold of a ship for the trip to Germany. They were loaded aboard trains, with 50 men, women and children packed into each car, and transported to a concentration camp.

He testified that all the women and children in his camp subsequently were removed to the gas chambers.

To Boost Quota
Expecters Present Liquor Strength To Be Continued

TORONTO, Aug. 23.—(CP)—Present strength of liquor in Canada, 70 per cent of proof, may have to be continued if an immediate increase in public supply is contemplated, it was said today in a statement issued by J. A. King, Alberta liquor commissioner, on the two-day conference of provincial liquor commissioners in Toronto today and tomorrow.

The statement contained no definite promise as to whether liquor rationing would be increased. It said "it is anticipated, of course, that extra volume would make an announcement of any plans for changes in quotas."

TEXT OF STATEMENT
Text of the statement issued for over two days, the liquor commissioners of the various provinces have discussed the factors that have a bearing on the distribution of liquor in the Dominion of Canada.

With a full appreciation of the public demand and a knowledge of the complex problems that confront the industry, it is the considered opinion of the committee that liquor should be continued on its present basis.

Premier of N.S. Plans to Resign
HALIFAX, Aug. 23.—(AP)—Premier A. B. Macdonald announced yesterday that he will shortly resign from leadership of the Nova Scotia Liberal party, to be followed by his resignation as premier of the province when a new leader is selected.

Macdonald said that course I shall recommend to be followed as premier of Nova Scotia.

He expressed the belief that since a provincial election would be held at the end of the year, it was only fitting that he should take up the reins as premier of the province before the election.

Macdonald, premier of this province from 1920 to 1940, might again take up the reins as premier of the Nova Scotia Liberal party.

Macdonald was the minister of national defence for several years in the Dominion government from 1940 to 1942.

By PHIL AULT

Excluded from the Bulletin LONDON, Aug. 23.—(BUP)—Prime Minister Attlee told the House of Commons today that a British commander will accept the surrender of the Japanese at Hong Kong.

Attlee made his statement in reply to an inquiry by Winston Churchill.

The question arose as a result of indications that a race was in progress between the British and the Chinese to take over the crown colony.

Churchill wanted to know whether the government has plans under way to restore the British administration in Hong Kong once the Japanese surrender had been accepted.

"Yes," Attlee said, "as stated by the foreign secretary on Monday arrangements are being made for the Japanese surrender to be accepted by the British force commander. Plans for re-establishing the British administration in the colony are fully prepared."

CHURCHILL PLEASED
The house cheered Attlee's statement and Churchill expressed his pleasure.

He asked Attlee if he recalled that "on numerous occasions and particularly at the conference in 1942 we had made it plain that we did not contemplate any modification of sovereignty of His Majesty's territories in the Far East."

Attlee replied, "Yes, sir. I have a full recollection of those statements and shall bear them in mind."

OFFICIALS RETURN
It was learned that a number of former Japanese army officers, now in London, are leaving for Hong Kong by air via India on Saturday.

They include several who escaped from the colony after Japan's surrender. Continued on Page 2, Col. 5.

On Two Trains

More Veterans Arrive Back In Edmonton

Just over a hundred veterans returned to anxious relatives in this city on two CPR trains which arrived here at 4:00 p.m. and 11:30 p.m. on Wednesday. A large proportion of the returning men had seen service in both the Mediterranean campaign and the N.E. European fighting, more than 20 of them having served with the 10th Canadian Infantry Regiment in both theatres of war.

Many wound stripes were in evidence amongst these fighting men, wounds gained in combat in almost all parts of Europe.

Many of these men had left Edmonton in 1939 and this was their first trip back home, although some had been away for as long as six years on various missions previously.

OFFICERS BACK
Among the returning officers was Lt. Col. J. W. Dodds, MBE, who told reporters that, while the Dutch were retreating, he was in the front line.

Renegade Indian Leader Is Killed
NEW YORK, Aug. 23.—(AP)—Tokyo radio said today that Subhas Chandra Bose, head of the "provisional government" which the Japanese attempted unsuccessfully to set up in India, died Sunday in a hospital in Japan from injuries sustained in an airplane accident.

Only the latter part of last May Bose still had his headquarters in Burma. Bose, a leftist leader, was a one-time member of the All-India Congress party.

He resigned as president, however, in April, 1943, and was said to have been in the hands of the Allies since then.

He was said to have been in the hands of the Allies since then.

Fair and Warmer
Fair and a little warmer weather is forecast for the Edmonton area with the estimated high for today, 70.

Tomorrow's maximum is estimated to be 72, with a minimum of 50.

Yesterday's maximum temperature was 64 and the minimum, 52. The overnight low was 44 and the temperature at 2 p.m. was 62.

Jap Kwangtung Army Surrenders

All Manchuria in Russian Hands

Exclusively to The Edmonton Bulletin LONDON, Aug. 23.—(BUP)—Marshal Josef Stalin announced today that Japan's Kwangtung army has surrendered, and the whole of Manchuria and Sakhalin Island has been taken by the Red Army.

Stalin's order honored the Far Eastern Forces of the Soviet Union which brought about the capitulation of the Kwangtung army in a 15-day campaign.

Troops of the Mongolian People's Republic cooperated in the attack on the Japanese.

Stalin disclosed that the Russians have also occupied Paramushiro and Uryu islands in the Kuriles. The Transbaikalian forces advanced almost 200 miles and the First and Second Far Eastern armies more than 300 miles in the brief campaign.

The order of the day was direct. Continued on Page 2, Col. 6.

200 at Social Credit Rally Marking Victory of Party

The Alberta government stand on refunding has not departed one iota from principles laid down by the late Premier William Abernethy ten years ago, Acting Premier W. A. Fallow declared Wednesday night at a rally in the Social Credit hall, WFAA Jagger speakers.

The minister spoke at a "Democracy Day" gathering, celebrating tenth anniversary of the original Social Credit victory at the polls on Aug. 22.

Similar functions were held throughout the province. Two hundred guests attended the Edmonton rally, crowding the S.C. hall to its doors.

50,000 to 60,000 Airborne Soldiers Will Land Tuesday

From CP, AP and British IP Dispatches
GENERAL MACARTHUR'S HEADQUARTERS, Manila, Aug. 23.—Final arrangements for the entry of the Allied Army of Occupation into Japan are being completed today, and from 50,000 to 60,000 airborne troops will form the vanguard of the occupying force when they land on airfields in the Tokyo area next week.

Gen. MacArthur announced these final details today, while his headquarters disclosed actual capitulation in the Pacific is proceeding in advance of the official ceremony.

Officer States:
Surrender of several thousand Japanese in northern Luzon was announced yesterday by Gen. MacArthur, commander of the Allied forces in the Pacific, and similar negotiations were underway at Manila and Cebu.

MOVE PRISONERS
Tokyo messaged Gen. MacArthur's headquarters that Japanese Red Cross workers, aided by Swiss and American nurses, were being moved to visit Japan's seven major prisoner-of-war camps Friday to assist in releasing prisoners.

Gen. MacArthur himself will land Tuesday.

Many Canadian Troops Needed Overseas Duty
A hard, unpleasant fact that must be faced and understood by Canadians is that the majority of Canadian troops now overseas will not be home by Christmas.

Gen. Eric Gibbs, MBE, head of the Canadian army public relations, overseas, said in Edmonton Thursday.

The Royal Edmonton Regiment probably will be home by Christmas, Col. Gibbs said. "But as far as a great number of troops concerned, they can't possibly be home."

Early Conversion
War Factories Soon to Make Civilian Goods

OTTAWA, Aug. 23.—(CP)—conversion of Canadian war plants to civilian production will have a complete figure in the next few days, after a statement by the Minister of War Production, Mr. J. G. Macdonald, was made today in an interview.

"Practically all contract cancellations have been completed," he said, "and other countries now are available." said Mr. Macdonald. "Most of them have already been made effective and the plants know just what to do."

NO FIGURES YET
Because many of the contracts have not yet been completed, it is not possible to give a figure for the immediate effect of the cancellations.

"There is plenty of work to be done and there is a big demand for factories and men," he said, "and that there should be a short period of confusion in the change-over."

In its conversion program the general policy of the government was to convert factories to civilian production, but in some instances workers were to be transferred to other work.

Mr. Macdonald is going to look for new skills and a man who has to learn a new skill cannot expect to be paid as much as he did as a skilled job in a war plant," Mr. Macdonald said.

Social Crediters' HQ at Cardston
National offices of the Social Credit party have been opened at Cardston in Southern Alberta, it was announced in Edmonton Thursday.

Opening headquarters in the southern city follows the recent move from Edmonton to Cardston of Solon Low, MP, national leader of the party.

Mr. Low, elected for Peace River riding in the 1935 election, was announced as minister without portfolio in Premier Ernest Manning's cabinet.

He is former provincial treasurer and minister of education in the 1934 provincial government. Mr. Low was named national leader at the party's first convention in Toronto in 1944.

Social Credit Marks Party's First Victory

AGO. Mr. Fallow decided suggestions that the province's stand had undergone a change in recent years.

"The Alberta government has not changed its stand," the minister asserted. "The refunding deal was put through on the terms that were offered ten years ago—and Mr. Hiley (Hon. J. L. Hiley, Dominion finance minister) helped us to the tune of \$16,000,000."

It took over ten years to do it—and we succeeded because what we were trying to do was backed by the voice of the people.

DISCUSS CONFERENCE

Discussing the recent Dominion provincial conference at which he was an Alberta delegate, Mr. Fallow told of an "autonomy bomb" dropped upon the Canadian people. "I wonder if another bomb was dropped on some of our people to jar them out of their eternal complacency," he said.

The minister said rehabilitation measures of the Dominion government were "as helpless and inept as the measures of our predecessors in 1939 when we were armed with little better than bows and arrows."

"The same gang who brought the Allied world to the edge of disaster now is presuming to bring about peace," Mr. Fallow said. "This gang has no more changed than a leopard can change its spots."

SAID DISCREDITED

"The present shadow government at Ottawa has been thoroughly discredited at the polls; some of its high-ranking officers were beaten at the polls."

"What can you expect from a government whose record has been vacillation and pussyfooting about, afraid to make a move because of ill effects on the party? That has characterized its record all through the war."

Mr. Fallow paid high tribute to Premier Albert Hart, declaring him to be "the man who inaugurated the movement and fought for it to valiantly until his death."

"It can be said with confidence that he has well and truly laid the cornerstone, in spite of the torrent of abuse poured by those who sought to prevent him from carrying out the ideals of Social Credit."

The acting premier also paid tribute to Premier Ernest Manning.

They Want To Go Home Nazi Captives Homesick

WINNIPEG, Aug. 23.—(CPI)—German prisoners-of-war working on Manitoba beet and grain fields are homesick.

Newspapermen accompanying a group of transporting prisoners to Melita, Man., where they will be farm hands heard the question "Do you think we may get home by Christmas?" asked most by a group of about 100 prisoners.

One of them, a tank driver in Rommel's one-time crack Afrika Korps, admitted he had made application to stay in Canada, but was turned down. He reported that about one-third of his group also expressed desire to remain here.

However, one ardent worker said he wanted to "get back and rebuild Germany."

Many others held anxiety for their friends and relatives in Germany and said they wanted to get back home.

saying he was a "brilliant young statesman who has made such a wonderful success of the movement. . . I am proud to be in a movement with a man of his calibre. I am proud to be in a movement with such a host of supporters throughout the country."

Mr. Athby spoke in favor of a \$10,000 credit in the bank of Canada for every serviceman returning from the war. In addition, the MP said veterans should be given a \$100 a month grant for at least five years, and free medical and hospital care for life.

"They can have all that if they would join together and vote against any member of parliament who does not vote for it," Mr. Athby declared.

"He said Social Credit has done a 'pretty good job' in ten years in 'clearing up the quack grass' in Alberta."

GOOD GOVERNMENT

"We have a good, clean, honest government," the Edmonton East MP said. "We have cleaned up our fields pretty well. If it takes ten years to clean up Alberta, how long will it take us to clean up the Dominion? . . . We have a mess to clean up and we must work pretty hard if we are going to bring a Social Credit era to Canada."

Mr. James said the commemorative celebration should bring re-dedication to the principles of Social Credit.

He warned the "greatest crisis civilization has ever known" lies ahead and urged his listeners to prepare for it.

The crisis will affect Canadians, Christianity and all civilization, Mr. James said. "I can see it coming closer and closer on the eastern horizon—such a menace to Christianity as we have never known. Social Crediters are the storm troopers against that menace—we must not fail."

ens of Richmond which brought them back to Canada was crowded, no one seemed to mind since it was taking them home.

He described the train journey across Canada as "wonderful." Lt. Col. Duff, who lives at 1844 108 street, Edmonton, was met by his wife, daughter, father and sister.

He is looking forward to being released from the service shortly and will resume his work with the Alberta Government Telephones.

He joined up with the 2nd Battery early in the war and went overseas with that unit as battery captain. When he left active service in Europe he was in command of the 10th Field Regiment, R.C.A.

Major J. H. Washburn, who went over to the Royal Edmonton Regiment in 1940, and except for a brief leave in Canada, has spent the rest of the time with the unit, was among the first to be released of having been wounded on Christmas Eve 1943 at Ortona when a German "petal masher" grenade exploded near him, putting him into the hospital for three months.

Mr. mean, says Major Washburn, that he spent Christmas in a nice warm comfortable hospital instead of in Ortona's mud.

STAYS HERE BRIEFLY

Sgt. Major W. G. Davies, DCM, was in Edmonton for only a brief stay, as his family moved to Vancouver since he enlisted in 1939 with The Royal Edmonton Regiment. He could not resist the temptation, he says, to see the Edmonton again before proceeding to the coast to meet his family.

He was awarded the DCM when he took over command of A Company, The Royal Edmonton Regiment after Major W. G. Longhurst, also of Edmonton, and other officers of the company were killed in the crossing of the Savo river in Italy.

The Sgt-Maj says, "Well, I was the only one left to do it. And I was on the wrong side of the river so I had to do something when the evacuation of casualties was a tedious and tedious job, nine no vehicles could get very close to the line to help them in their errand of mercy. Cpl. Childs, whose family live at 1672 16 street met his five-year-old son for the first time, his service overseas having been continuous since 1939."

FLYING VISIT

Pte. W. E. Couch, formerly of Lenoxy, was another who was only paying a flying visit to this part of Alberta. His family now live at Nanaimo.

Pte. E. K. Slavick, Queen Own Cameron Highlanders, of Daysland, was assisted in finding a room for a few days by the

volunteer ladies of the "Welcome Home" but. He slightly wounded in the face at Caen, but remained in action. He told of seeing the bombing of Allied troops by both American and British planes and says the scenes at that time were indescribable.

Edmonton Kinsmen were on hand to provide transportation and volunteer groups, including the Red Cross and Women's Auxiliary to the Canadian Legion, formed the greeting party presenting cigarettes to the men.

Reds Against Observation Of Elections

MOSCOW, Aug. 23.—(AP)—"Observation" by foreign powers of elections within another country amounts to "control" and is incompatible with the principle of democracy, the government newspaper Izvestia contended yesterday.

The newspaper defined the Soviet viewpoint on this question in connection with the Greek elections, which Russia has declined to host, the British dominion, the United States and France have accepted—Allied powers oversee the Greek national elections.

The Izvestia statement followed British and American criticism of the election scheduled for Sunday in Russian-occupied Bulgaria.

Plan Studies For Disposal B.C. Railway

VANCOUVER, Aug. 23.—(CPI)—Premier John Hart announced yesterday that four experts will be named to investigate the Pacific Great Eastern Railway and prepare a plan to be used as a basis for further discussion between the British Columbia government and the Canadian Pacific Railway for disposal of the government-owned line.

The government and the CPR will name the committee of experts Premier Hart said. He added that he regarded the move as a major step in deciding the future of the PGE line which runs from Squamish to Hazelton, B.C., a distance of 200 miles. Squamish is 30 miles north of Vancouver.

Finally Get Away Allied Mercy Crew Cursed, Wined, Entertained by Japs

CHUNGKING, Aug. 23.—(AP)—An Allied mercy crew which landed at Keijo, Korea, in the midst of 50,000 Japanese soldiers was alternately cursed, threatened, wined and entertained before it took off again with 500 gallons of Japanese gasoline, a member of the party said yesterday.

The mission of 22 Americans and Koreans landed at Keijo Aug. 18. The Japanese refused to allow them to leave until they had given them 500 gallons of gasoline to return.

Henry R. Lushner, correspondent for the United States Office of War Information, who accompanied the team, related the story.

REQUEST REFUSED

The team was led by Lt. Col. Willis H. Bird of London, Pa. As the transport settled down on the Japanese air strip high-ranking Japanese officers refused the request of the Americans to see Allied prisoners and also refused to give the names and nationalities of the prisoners.

The Japanese meantime brought up two tanks and set up trench mortars around the plane. A 37-mm. cannon covered the party.

During the night the Japanese entertained the Americans with beer, sake and Japanese songs.

The next day the atmosphere became tense again. When Col. Bird asked a Japanese officer to sign a note saying the mission had arrived but was refused permission to act, the major swore and made stinging references to "inferior persons."

The gasoline finally was poured into the big ship and the Americans and Koreans took off on the return flight.

No Further Export Permits For Barley

OTTAWA, Aug. 23.—(CPI)—No further export permits will be granted for barley, wheat, ground or processed, the Dominion department of agriculture announced yesterday. The announcement said that after a review it was decided to hold the carry over for the 1944 barley crop and the entire 1945 crop for Canadian consumption to protect the agriculture livestock program.

The gasoline finally was poured into the big ship and the Americans and Koreans took off on the return flight.

"Yes, son, even when I was a boy ENO was a favourite"

For over 75 years, millions of people of the world over have known and valued the properties of Eno's Fruit Salt. By the personal testimony of our parents and grandparents, the use of Eno has become almost second nature to us.

As a result of its record of service, Eno stands today in a class by itself. In millions of homes, the dash of Eno in a glass of water before breakfast, when needed, is an ideal way to help keep fit. Eno not only helps nature to free the system of food wastes that often cause constipation, headaches, indigestion and that listless "morning-after" feeling but also helps relieve excess gastric acidity. In addition, Eno helps maintain the alkaline constituents of the body.

Eno is pleasant and refreshing to take, gentle but effective in its action. Eno does not contain upsetting purgatives or harsh bitter salts—entirely free of sugar or artificial flavouring of any kind. Eno is safe for young and old alike—the true family favourite. Keep a large economical bottle of Eno's Fruit Salt always handy. Sold by all druggists.

The Alberta AHEAD

By Capt. HARPER PROWSE, M.L.A.

ON Monday, August 12, in an article referring to the use of German prisoners-of-war by certain civilian and civil employees I carried a report which I had received, from what I considered a responsible person to the effect that Canadian guards in the Wainwright camp have been compelled to salute officer prisoners-of-war.

Since writing that column I have visited the Wainwright camp and questioned other ranks there about this. To my surprise and embarrassment each of several men to whom I spoke denied that they had ever received personally, or known of any of their comrades who had received such an order. They said that they had seen such a report carried in "Newsday" previous to my use of it, but that it was not true.

I made it a point to speak to these men alone so there could be no question of their fearing to speak in the presence of seniors, and two of the men were known to me personally and would have told me had the report had any truth in it.

NOT CORRECT

I also spoke to officers in the camp about the report and they told me that although they had heard the report that it was not correct and that to their certain knowledge no such order had ever been issued and that it was certainly not the practice of the men to salute any prisoners-of-war.

As a result of these investigations I am satisfied that the report is the result of one of those vicious rumors that get started from time to time. Such rumors do nothing but harm. I regret that such a rumor should have been carried by the practice of the men to salute any prisoners-of-war.

In order to assure accuracy of reports which reach me from various sources I usually check them with the parties concerned before using them.

Free Penicillin To Be Provided

Hon. Dr. W. C. Ross, minister of health, announced Thursday that effective Oct. 1 penicillin will be distributed free to physicians throughout the province of Alberta for the treatment of all patients infected with venereal disease. The superiority of this drug over all others for the cure of this disease is now definitely established.

Alberta has been given credit for the most advanced program of venereal disease control in Canada and in making penicillin available the government is maintaining its policy of leaving no stone unturned in the prevention and control of disease. Alberta enjoys the distinction of the lowest venereal disease rate in Canada and this measure should result in a further marked reduction in the incidence of the disease.

Women Want New System

By ELANOR CURRIE
EDMONTON, AUG. 23.—(Continued)
British women, however, have long been of opinion that "being" is the best way to make them the founders of the new front, have struck the first blow in a campaign for the "democratization" of a feminine system of dress, with a feminine system of shopping.

British and American women are working on a plan, whereby a new system of shopping will be placed before parliament by Sir William Somerville, Conservative.

MARRIED AT KNOX UNITED CHURCH—CFO and Mrs. Albert E. Chudyk, the former Wren Telegrapher SO, Edith Hunter, whose marriage took place Wednesday evening in Knox United Church. Mrs. Chudyk is the daughter of Dr. and Mrs. W. H. Hunter of Edmonton, and CFO, Chudyk is the son of Mr. and Mrs. E. Chudyk of Galt, Ont. The couple is spending a honeymoon in Eastern Canada.

Knox United Church Scene Of Chudyk-Hustler Wedding

Against a background of blended rose and fuchsia gladioli and tall white tapered tapers in Knox United church, August 22 at 7 p.m., the ceremony was performed by Wren Telegrapher SO, Edith Hunter, WICNS, second daughter of Dr. and Mrs. W. H. Hunter of Edmonton, and CFO, Albert E. Chudyk, son of Mr. and Mrs. E. Chudyk of Galt, Ont. The Rev. R. McElroy Thompson officiated. Mrs. Chudyk's father played the wedding music and during the signing of the register, Jack Williams sang "All Day We'll Be Lovers."

With Father—Entering the church on the arm of her father, the bride was groomed in traditional white, fashioned with a white lace top and double skirt. The dress, were of a short bell-shaped style and she wore long sheer mittens to match. Tiny satin buttons ran from the Peter Pan lace collar to the waist. Her long white veil fell from a headband of orchid feather tips and she carried a bouquet of daisies and lilies.

Trophies Given Major Flower Show Winners

The presentation of trophies to prize winners was made at the close of the Edmonton Horticultural Society's 27th annual exhibition in the City Market building on Wednesday night. Acting Mayor C. E. Garney and he had with others, not particularly interested in gardening, would be inspired by the show to make an effort to beautify their own homes next year and thus make Edmonton an even more flower-conscious city than now.

URGES INTEREST

she pleaded for greater interest in the show, as the proceeds from the auction are to be given to the War Services Council of Edmonton and the money used for the entertainment of wounded war veterans now in Edmonton's hospitals. City auctioneers are donating their time to this worthy cause.

W. J. Cardy, president of the association, read out the names of the prize winners and the acting mayor gave each his trophy and a handshake of congratulation.

Pretty little Terry Weber, infant daughter of Major and Mrs. E. J. Weber, U.S. Army, presented the trophy to a mixed bouquet.

H. C. Hunsley, secretary of the association, assisted in the presentation of the various trophies.

The Road Ahead
Continued from Page Nine

them, but in this particular instance the information was a personal responsibility that I was prepared to accept it.

HAVE RESPONSIBILITY
People who write letters to columnists or to newspapers have as definite a responsibility to the public as the newspaper's columnist who are requested to carry their replies. They are not to be taken for facts are correct, and if they are merely repeating rumors they should state that and represent the responsibility that I was prepared to accept it.

FIND OWN WIFE
If you and your husband can qualify under the Veterans' Land Act you can either apply for one of the farms which have already been purchased, or you can run a farm of your own choosing and request them to purchase it for you. As a matter of fact the director pretends to find your own farm as they practically always have more than one application for the farms they have already purchased.

When you wait your farm go to see the nearest representative of the Veterans' Land Act in your case in the Economic Building in Lethbridge. He will tell you whether or not you can qualify. Then select your farm and give the regional director in the area in which the farm is located full details about it. He will have it evaluated and if he thinks it is a suitable farm he will have it for you and arrange your contract.

However, if the director thinks that the farm is not suitable, if he thinks the price asked is too high, or if he thinks it is not a good enough farm, or even enough to market, to enable you to earn a decent living on it he will ask you to find another one in a better area. It will be to your advantage to discuss the entire proposition thoroughly with the regional director at Lethbridge before you make any definite moves.

But May Obliterate Himself Man Is Unable to Destroy Earth With Newly Found Atomic Power

By HOWARD KALESKE
Associated Press Science Editor

NEW YORK, Aug. 23.—(AP)—Man may destroy himself with the atomic bomb but he cannot destroy the earth.

In Manoeuvres British and U.S. Fleets Show Might Near Tokyo

By HAMILTON FARON

ABOARD HMS DUKE OF YORK OFF JAPAN, Aug. 23.—(AP)—The American and British fleets returned to peacetime manoeuvres today, staging history's greatest demonstration of naval and aerial strength a few hours steaming time from Tokyo.

More than 1,000 planes were in the air at one time, roaring over the surface armada which themselves represent the largest combined naval force ever assembled.

There was perfect kamikaze weather for the demonstration—low, swirling clouds which only a few days ago would have had every fleet plane and gunner on the alert for Japanese suicide fliers.

For more than two hours the planes dived in and out of the clouds over the fleet. The climax of the show came with a "combined" run of major surface units and close-flying planes. Some of them flew a few feet above the water.

The demonstration had a dual purpose—to keep pilots in active practice and relieve the monotony of cruising about awaiting the time for the fleets to move into Tokyo Bay for the occupation of vanquished Japan.

anion, plutonium, protactinium and thorium have been tapped. All four have so much excess that they still glow. A few electron volts may cause a split. If left alone, they break down by spontaneous loss of energy, turning themselves into atoms with less energy.

In tapping this energy of the heavy weights, the scientists have done nothing except to discover and use a natural phenomenon which has been going on for three billion years without harming the earth or its inhabitants.

PERFECTLY SAFE
They have done only the job of bringing together enough of these spinning atoms in one compact mass to make a bomb. It appears that even as much as one compact pound of this atomic dynamite, such as a lump or handful, is perfectly safe. But a ton of it brought together would be the most dangerous thing in the world.

Uranium, both the common kind and 235, is sparsely distributed. There is not enough for a chain reaction in a chain of powder, to spread in the earth either to explode or make a fire.

All the other heavy elements that pack the excess force, likewise are thinly distributed. They are also scarce. They cannot be set off in the earth by any kind of explosion because they are too widely scattered.

An explosion that could destroy a city is theoretically easy. The earth-shaker should be among the elements that are plentiful, like iron, silicon, or oxygen. These are richly sowed in the earth crust. The silicon in the sands of the sea is closely packed for miles. Aluminum is everywhere in clay.

IN MIDDLE RANGE
But all these plentiful elements belong to the middle range, where the atomic cores have less energy. There isn't even a good idea as to what might cause these plentiful

FORCE IS VARIED
That is the force the scientists want to get out to produce atomic power. But not all the atomic cores are equally endowed. The cores of the lightweight atoms have a little higher charge of this energy than the middle range atoms. But the heavy atoms, such as uranium, have a very much greater store of the force.

To date only the power of the heavy, extra-energy atoms, uranium, plutonium, protactinium and thorium have been tapped.

Trans-Atlantic Phone Service To Be Resumed

LONDON, Aug. 23.—(CP)—Trans-Atlantic "phone" service will be resumed from Great Britain by the Canadian Pacific, effective Friday, on a very limited scale, the postmaster-general announced yesterday. Canadian and American servicemen desiring to communicate with their families, officials will be given priority, officials will be given priority, officials will be given priority.

LAFAYETTE—My wife always sees two sides of a question, too—her own and her mother's.
